June 2019 – April 2021, Wipro Ltd.

- I have Got ROAR Award, which is given to the person who has given Excellence performance in the project.
- I have Also given Training to My team member in MuleSoft DevOps. Developing Asset for the Internal team.

MuleSoft Developer

April 2021 - Present, Deloitte.

- I am a MuleSoft Developer

Education

2015- 2019

Bachelor of Technology

Jaipur Engineering College - Jaipur

2013- 2014

Higher Secondary

Vidya Bhawan Balika Vidyapeeth - Lakhisarai

2011- 2012

Secondary

D.A.V Public School - Lakhisarai

Projects

- I have build a reusable generic batch job which will fetch data from Database and upsert it in Salesforce and make a response csv file later that file is send through email as an attachment.
- I have Used MuleSoft for Integration between SmapOne Cloud to SAP. Periodically fetching data from SmapOne and storing it in on the Azure Storage (Storing in Queue and then dequeuing was involved too).
- I have used MuleSoft to sync SQL Server with Salesforce. For triggering the API I have used Salesforce CDC.
- I have Created CI/CD Pipeline for Automated Deployment using Jenkins.

Certifications

- MCD - Level 1 (Mule 4)
- MCD - API Design Associate (RAML 1.0)
